LEGACY OF 32 YEARS

Sheetal

1987

Inception - A Spark Ignited

The story of Sheetal begins not with a grand vision, but with a humble kiosk in Amreli. Led by the late Shree Jagdishbhai and three brothers, this small kiosk offered pan and cold drinks, catering to the local community. While seemingly modest, this venture planted the seed for a future filled with delightful experiences.

2000

Establishment of Shree Sheetal Industries - Dreams Take Shape

Fuelled by their newly found passion and a commitment to quality, the brothers embarked on a new chapter. Shree Sheetal Industries was established in the year 2000. With a semi-automatic production plant, boosting a daily ice cream manufacturing capacity of 150 litres, the company began its journey towards creating delightful moments through its delectable ice cream creations.

2017

Milestone Achievement - Recognition and Growth

The year 2017 marked a significant milestone for Sheetal Cool Products Limited. Our dedication to quality and innovation was recognized as the company was listed on the BSE-SME segment on 30th October 2017. This achievement signified not just financial success, but also growing recognition and a commitment to expanding our reach.

2018

Scaling New Heights - Reaching for the Stars

The journey continued with a focus on growth and innovation. The daily manufacturing capacity of ice cream surged to a staggering 2,00,000 liters, a testament to the company's dedication to meeting the growing demand for their delicious products.

2022

Expansion and Recognition - A Household Name Emerges

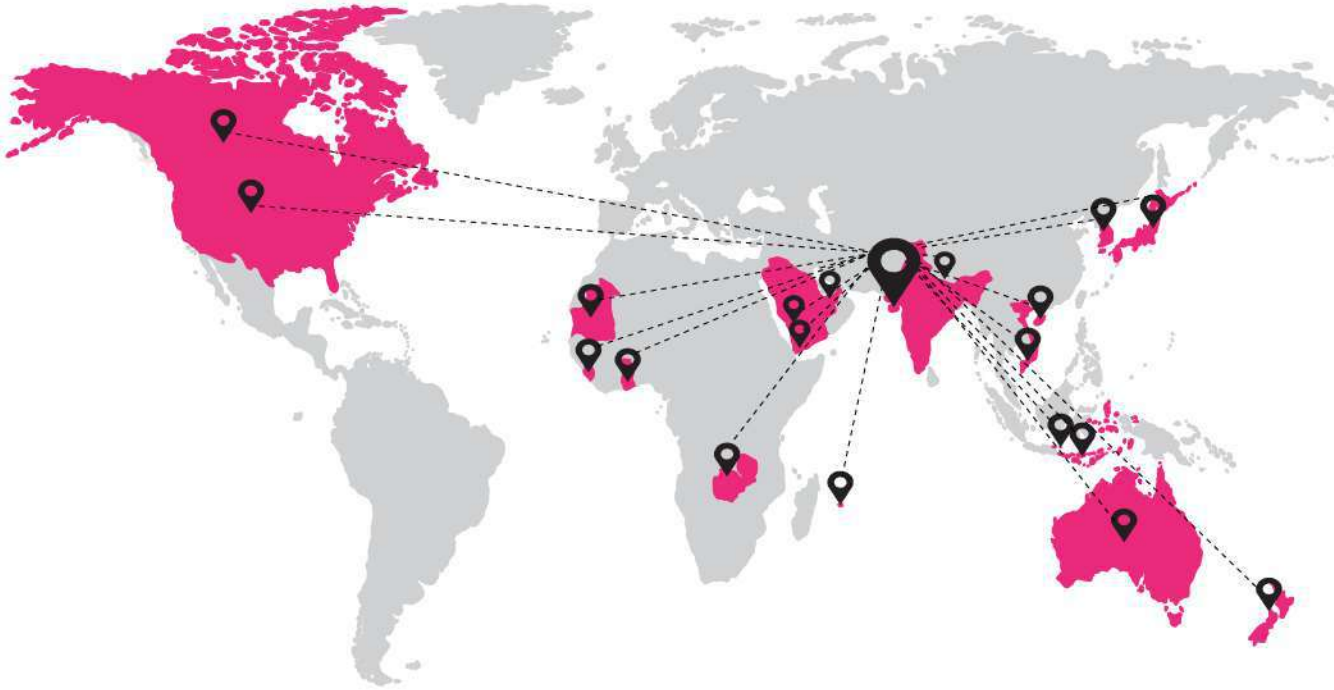

By 2022, Sheetal Cool Products Ltd. had solidified its position as a prominent player in the FMCG industry. The company migrated to BSE main board and listed on NSE as well. Marking a significant step towards greater wider recognition.

ANNEXURE A

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. CAUTIONARY STATEMENT:

The statements in the "Management Discussion and Analysis Report" describe the Company's objectives, projections, expectations, estimates or forecasts which may be "forward-looking statements" within the meaning of the applicable laws and regulations. Actual results may differ substantially or materially from those expressed or implied therein due to risks and uncertainties. Important factors that could influence the Company's operations, inter alia, include global and domestic demand and supply conditions affecting selling prices of finished goods, input availability and prices, changes in government regulations, tax laws, economic, political developments within the country and other factors such as litigations and industrial relations.

B. COMPANY OVERVIEW:

Sheetal Cool Products Limited has grown up and got its wings presently spread over 6 major states of India such as Gujarat, Rajasthan, Madhya Pradesh, Maharashtra, Kashmir and Noida (UP) and more than 10 nations abroad like USA, Switzerland, Singapore, Australia Africa, Nepal, etc. The company has acquired BRCGS (Brand Reputation Compliance for Global Standard), FSMA (Food Safety Modernization Act) & EIC (The Export Inspection Council) certificates along with FSSAI, ISO 22000:2018, ISO 9001:2015 etc. For manufacturing more than eight categories of food products under a single plant. It is also counted, as per Economic Times, as one among the top 150 fastest growing companies in India. Sheetal is in the Top 500 High-Growth Companies of Asia-Pacific 2021 ranking created by The Financial Times, Nikkei, and Statista.

C. INDUSTRY STRUCTURE AND DEVELOPMENT

GLOBAL ECONOMY:

Global growth is projected to fall from an estimated 3.5 percent in 2022 to 3.0 percent in both 2023 and 2024. While the forecast for 2023 is modestly higher than predicted in the April 2023 World Economic Outlook (WEO), it remains weak by historical standards. The rise in central bank policy rates to fight inflation continues to weigh on economic activity. Global headline inflation is expected to fall from 8.7 percent in 2022 to 6.8 percent in 2023 and 5.2 percent in 2024. Underlying (core) inflation is projected to decline more gradually, and forecasts for inflation in 2024 have been revised upward.

The recent resolution of the US debt ceiling standoff and, earlier this year, strong action by authorities to contain turbulence in US and Swiss banking reduced the immediate risks of financial sector turmoil. This moderated adverse risks to the outlook. However, the balance of risks to global growth remains tilted to the downside. Inflation could remain high and even rise if further shocks occur, including those from an intensification of the war in Ukraine and extreme weather-related events, triggering more restrictive monetary policy. Financial sector turbulence could resume as markets adjust to further policy tightening by central banks. China's recovery could slow, in part as a result of unresolved real estate problems, with negative cross-border spillovers. Sovereign debt distress could spread to a wider group of economies. On the upside, inflation could fall faster than expected, reducing the need for tight monetary policy, and domestic demand could again prove more resilient.

In most economies, the priority remains achieving sustained disinflation while ensuring financial stability. Therefore, central banks should remain focused on restoring price stability and strengthen financial supervision and risk monitoring. Should market strains materialize, countries should provide liquidity promptly while mitigating the possibility of moral hazard. They should also build fiscal buffers, with the composition of fiscal adjustment ensuring targeted support for the most vulnerable. Improvements to the supply side of the economy would facilitate fiscal consolidation and a smoother decline of inflation toward target levels.

D. INDIAN ECONOMY:

The global economy turned out to be resilient in 2023 in spite of tightening financial conditions engendered by restrictive monetary policy stances, geopolitical tensions and geoeconomic fragmentation. Global GDP rose by 3.2 per cent in 2023 (3.5 per cent a year ago1) supported by buoyancy in the US and major emerging market and developing economies (EMDEs). Global inflation eased to 6.8 per cent in 2023 from 8.7 per cent a year ago on the back of monetary tightening and restoration of supply chains. Pandemic-induced loosening in fiscal policy exerted upward pressures on the global public

debt-GDP ratio in an environment of sluggish growth and elevated interest rates. Global merchandise trade volume contracted by 1.2 per cent in 2023 from an expansion of 3.0 per cent in 20222, dragged down by rising trade restrictions and a rotation of demand away from goods to services. Global financial markets exhibited bouts of volatility in response to fluctuating perceptions on the monetary policy trajectory among market participants in spite of high for longer stances articulated by central banks. Sovereign bond yields hardened in the first half of 2023-24 and exhibited sizeable two-way movements in the second half. The US dollar remained firm through the year, putting downward pressures on emerging market economy (EME) currencies.

Amidst global uncertainty, the Indian economy exhibited resilience during 2023-24, with real GDP growth3 improving to 7.6 per cent from 7.0 per cent in 2022-23, supported by robust fixed investment. On the supply side, economic activity was supported by the improvement in the manufacturing sector's profitability which benefitted from lower input prices as well as the sustained momentum in services activity, offsetting the slowdown in the agricultural sector.

Industry Structure and developments.

Overview of Global Dairy Industry

Market Overview:

"Dairy Market: The global dairy market size reached US$ 944.7 Billion in 2023. Looking forward, IMARC Group expects the market to reach US$ 1,459.3 Billion by 2032, exhibiting a growth rate (CAGR) of 4.95% during 2024-2032. The rapid urbanization, increasing awareness about health and nutrition, significant technological advancements, rising popularity of dairy-based snacking, shifting dietary preferences and favorable government policies and regulations are some of the major factors propelling the market. As the global population continues to grow, so does the demand for essential nutrients, such as calcium and protein, which are abundantly found in dairy products. For example, as per the U.S. Census Bureau, after a historically low rate of change between 2020 and 2021, the US resident population increased by 0.4%, or 1,256,003, to 333,287,557 in 2022. Additionally, more people are transitioning from traditional diets to modern ones that include processed foods and dairy products, which is bolstering the market growth.

With more and more people moving to cities for opportunities and leading busy lifestyles, convenience has become a key factor in food choices. According to United Nations Conference on Trade and Development (UNCTAD), the share of urban population is projected to increase to 56.9% in 2022. It is higher in the developed parts (79.7%) than in the developing regions (52.3%). Besides this, dairy companies have capitalized on this trend by offering a wide range of packaged, ready-to-eat (RTE), and on-the-go dairy options. Urban consumers are increasingly looking for quick and nutritious meals, making dairy an attractive choice due to its nutritional content and versatility in various recipes. As a result, the urbanization trend is propelling the future of global dairy market.

There has been an increase in the demand for ready-to-eat (RTE) products, such as butter, frozen desserts, milk powder, and yogurt, which is contributing to the market growth. Subsequently, evolving food habits have further led to the establishment of fast-food chains and quick service restaurants (QSR), wherein different varieties of cheese, condensed milk, buttermilk, and sour milk are employed as major ingredients. Moreover, the rising availability of flavored milk and ice creams in innovative flavors, such as chocolate, strawberry, vanilla, and almond, is acting as a growth-inducing factor. Apart from this, key players in developing regions are consistently investing in improving the milk procurement network and promoting domestic dairy farming practices, which is creating a positive outlook for the market. In addition to this, the advent of modern retail facilities and improvement in cold chain logistics, particularly in emerging economies, are further supporting the market growth. A significant increase in research and development (R&D) activities in the dairy industry to introduce novel product variants and expand existing product portfolios is fueling the market growth further. Other factors, such as rising health concerns, increasing population and rapid urbanization and industrialization, are also driving the global dairy market growth.

Overview of Dairy Industry in India:

The Indian dairy market is one of the largest and fastest growing in the world. In 2023, the market was valued at INR 16,792.1

billion, and is expected to reach INR 49,953.5 billion by 2032, with a compound annual growth rate (CAGR) of 13%. This growth is driven by a number of factors, including Technological innovation, Improved retail and e-commerce platforms, better cold chain infrastructure, Increasing disposable incomes, and Growing health consciousness.

India is also the world's top producer of milk, contributing 24.64% of global production in 2021-22. Milk production in India has increased by 58% over the past nine years, reaching 230.58 million tonnes in 2022-23. Uttar Pradesh is the state that produces the most milk, accounting for around 18% of the country's total, followed by Rajasthan, Andhra Pradesh, Gujarat, and Punjab.

However, the milk production per animal is significantly low as compared to the other major dairy producers. Moreover, nearly all the dairy produce in India is consumed domestically, with most of it being sold as fluid milk. Because of this, the Indian dairy industry holds tremendous potential for value-addition and overall development.

E. KEY BUSINESS SEGMENTS:

The Company is a diversified, research and development focused food processing Company with operations in three key business verticals i.e. milk and milk products, Frozen Foods and namkeen products. The company is diversified in other sub-segments like bakery products, sweets and frozen vegetables. Detailed information of two key business segments is as below:

i. MILK AND MILK PRODUCTS:

Sheetal Cool Products Ltd began its journey with the production of milk and milk products. There are three brands for Ice cream segment namely Sheetal, Rich Cream and J'Adore Ice Creams. More than 170 variety products are available under Sheetal brand in the categories of Cups, Premium Cups, Ripple Special, Sugar Free, Jamel Lassi, Kid's Special, Candies, Kulfi, Cones, Novelties, Classic Series, Sandwich, Cakes, Tubs, Party Pack and Catering Pack. There are more than 73 flavours of J'adore Ice Creams under the categories namely Cups, Cones, Candy, Bar, Sticks, Naturals, Novelties, Cakes, Pastry, and Take Home. Rich creams are in more than 10 varieties. Sheetal Cool Products Ltd has given special attention to the storage of milk and its by products. Sheetal Gold, Sheetal Silver, Sheetal Taza, Sheetal Slim N Trim, Sheetal Tea Special, Sheetal Anytime Tea, Sheetal Curd, Sheetal Buttermilk, Sheetal Butter and Sheetal are the products in this segment.

ii. NAMKEEN, BAKERY PRODUCTS AND FROZEN ITEMS:

The namkeen segment is having a wide range of 88+ varieties with delicious taste , quality and hygiene at a reasonable cost is its remarkable trademark. Sheetal Frozen Food Segment has been established with remarkable characteristics of Sheetal Cool Products. Pizza, Pav bhaji, varieties of Parathas , Vada Pav, Chinese Bhel, etc are some of the delicious frozen food products from our manufacturing unit. The bakery products are Cookies, Khari, Rusk, Bread, Pav, etc. There are also differently flavored sweets, daily used frozen vegetables etc.

F. BUSINESS OPPORTUNITIES AND OUTLOOKS:

The Budget 2022-23 seeks to lay the foundation of the Indian economy over the 'Amrit Kaal' period of the next 25 years leading to 100 years of independence in 2047. The government is emphasizing the role of PM GatiShakti, Inclusive Development, Productivity Enhancement & Investment, Sunrise Opportunities, Energy Transition and Climate Action, as well as Financing of Investments.

India is one of the fastest growing economies globally and the Government of India is determined to make it a five trillion economy by 2025. A growing working population and rapid urbanization will drive strong consumption growth, boosting demand for dairy and dairy products in India. Product innovation is always needed as consumers not only prefer safe ingredients and additives but also useful ones. We creates opportunities mainly in product innovation, specialized products, and product extensions for the various existing food processors. Consumers have become aggressive in demanding better, safer, and convenient food products and are willing to pay a higher price for health and convenience.

The performance of the company is expected to improve with stabilized economic situation in India and across the globe. We expect this trend to continue at least in the foreseeable future. Hence, the Company does not see any medium to long term risks in the company's ability to continue as a going concern and in meeting its liabilities as and when they fall due.

G. CHALLENGES/ THREATS:

Unseasonal Rainfall Impact: One of the significant setbacks we encountered this year was the unexpected and untimely rainfall in Gujarat, which is one of the largest ice cream markets in India. Sales for the last quarter of this year experienced a sharp decline as compared to the corresponding period in the previous year. Typically, March marks the onset of warmer weather and a surge in ice cream sales, but these unusual weather conditions disrupted our sales cycle.

Despite these formidable obstacles, our commitment to delivering the highest-quality products at exceptionally competitive prices remains unwavering. We are well-prepared to confront and overcome these challenges as we continue our journey forward.

H. SEGMENT – WISE OR PRODUCT – WISE PERFORMANCE:

Segment Reporting as defined in Ind AS 108 is not applicable since the Company operates in only one segment.

I. RISK AND CONCERN

1. The Company is facing risk and concern with respect to Susceptibility of profitability to changes in government policies and environmental conditions along with volatility in raw material prices Milk prices: Milk Prices are sensitive to government policies as marked by Minimum Support Price and other regulations. Milk being a major raw material for SCPL, makes it susceptible to government regulations and to risks related to volatility in global milk powder prices. The key raw materials for manufacturing ice-cream are skimmed milk powder, milk, butter, and cream, which the company procures from local dairies or farmers.

2. The Company is facing risk and concern with respect to Seasonality of demand as well as challenges arising from changing consumer tastes and preferences.

3. The Company is facing risk and concern with respect to High competition in the ice cream segment from the organized as well as unorganized markets: Indian ice-cream market is largely dominated by un-organized players with innumerable small and seasonal companies doing the business in various regions. Further, there are large number of big and medium-sized ice-cream companies in India which leads to a highly competitive environment. Although, there is a huge opportunity for industry players since India is one of the fastest growing markets for ice-cream consumption due to its large population and growing per capita income; however, the company faces high competition from various other established brands like Amul, Havmor, Kwality Walls, Cream Bell, Mother Dairy, Vadilal, Top 'N' Town, Dinshaw's, etc in its various key markets **However, Company is equipped to meet the challenges by better marketing tactics and effective management to overcome all such challenges.**

J. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The Company has in place an adequate system of internal control commensurate with its size and nature of business. The system provides reasonable assurance in respect of providing financial and operational information, complying with applicable statutes, safeguarding of assets of the Company and ensuring compliance with corporate policies.

The Company has availed the services of independent professional firm for Internal Audit, which checks the effectiveness of the internal controls with an objective to provide an independent, objective, and reasonable assurance of the adequacy and effectiveness of the Company's risk management, control, and governance processes. The scope and authority of the Internal Audit activity are approved by the Audit Committee. Internal Auditor reports directly to the Audit Committee of Board. Audit Committee periodically reviews the Internal Audit Reports and issues guidance and advice. The Audit Committee also seeks the views/opinions of statutory auditors on the adequacy of the internal control systems in the Company. Minutes of the Audit Committee are put up to the Board of Directors. The Company's Audit Committee reviews adherence to internal control systems, internal audit reports and legal compliances. This committee reviews all the results of the Company and recommends the same to the Board for its approval.

K. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES:

Our people are our strongest asset. The Company invests in building best-in-class teams, led by exceptional professionals. Over the years, the Company has nurtured a meritocratic, empowering, and caring culture that encourages excellence. The Company encourages the development of talent by providing its people with opportunities to sharpen their capabilities, encouraging innovation, lateral thinking, and developing multiple skills. Through this approach, it prepares its people for future leadership roles.

The management is focused on a transformational Human Resources Strategy, which supports the constant reinforcement of our competitive advantage. During the year, the Company's industrial relations remained cordial with its employees.

The Company has 860 employees as of the closure of the Financial Year.

L. PROGRESS DURING THE YEAR:

The company has taken certain steps in the last year to increase the growth which resulted into maintain the turnover. Highlights of certain steps as follows:

In a significant step forward, Sheetal successfully entered a Memorandum of Understanding (MOU) with the esteemed Adani Group, opening new avenues for collaboration and growth.

Following the successful completion of our US export, we have seen a significant increase in demand for our products. We have also started exporting to other countries, such as Singapore, Japan, South Korea, Seychelles, and more. This has allowed us to win the hearts of millions of people with our delicious products.

To meet the growing demand, we have expanded our distribution network and now have channel partners in over 6 more states. We are committed to providing our products to as many people as possible, and we believe that this expansion will help us achieve our goal.

Independent Auditor's Report

To the Members of **Sheetal Cool Products Limited**

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Sheetal Cool Products Limited ("the Company")** which comprises the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Cash Flows, and Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no other key audit matters to communicate in our report except as stated in Emphasis of Matter below.

Emphasis of Matter

We draw your attention to Note 38 to the financial statements where the Company's management has stated that outstanding balances, if any, at the yearend in respect of trade receivables, trade payables etc. are subject to confirmation from those respective parties and consequential reconciliation and/or adjustments arising there from. These have not been independently verified by us during the year under review. Any adjustment to the value of such balances as appearing in the balance sheet of the Company may have an effect on the profit and net assets of the Company for the period and year ended March 31, 2024.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(I) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in **"Annexure A"** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e. On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure B"**.

g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position.

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

iv. 1. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

2. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

3. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (1) and (2) above, contain any material misstatement.

v. The Company has not paid any dividends during the year and hence, the provisions of Section 123 of the Act are not applicable to the Company.

vi. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1 April 2023.

Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which does not have a feature of recording audit trail (edit log) facility for all relevant transactions recorded in the software.

(I) (a) In respect of its property, plant, and equipment:

(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company has maintained proper records showing full particulars of its intangible assets.

(b) The Company has a programme of verification of property, plant and equipment to cover all the items in a phased manner over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain property, plant and equipment were physically verified by the Management during the current reporting period. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed/transfer deed/conveyance deed, we report that, the title deeds, comprising all the immovable properties of land and acquired buildings which are freehold, are held in the name of the Company as at the balance sheet date.

(d) The Company has not revalued its property, plant and equipment during the reporting period and hence, clause (i)(d) of the Order is not applicable.

(e) As explained to us by the management of the Company, there have not been any proceedings initiated or pending against the Company under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder during the current reporting period or as at the balance sheet date.

(ii) (a) As per the information and explanation given to us physical verification of inventory has been conducted at reasonable intervals by the management. In our opinion, the coverage and procedure of such verification by the management is appropriate and discrepancies of 10% or more in aggregate for each of the class of inventory were not noticed on physical verification.

(b) In our opinion and according to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets; the quarterly returns/statements filed by the Company with the banks during the reporting period are in agreement with the books of accounts of the Company.

(iii) According to the information and explanations given to us, the company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties, hence clause (iii) of the Order is not applicable.

(iv) In our opinion and according to the information and explanations given to us, the Company has not made any loans, investments or provided any guarantees and hence, the provisions of Sections 185 and 186 of the Companies Act, 2013 are not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted any deposits during the current reporting period in terms of provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules made thereunder. Hence, reporting under clause (v) of the Order is not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Companies Act, 2013 in respect of its products. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) In our opinion and according to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues to the appropriate authorities apart from a few delays in the payment of advance income tax.

There were no undisputed amounts payable in arrears as at the balance sheet date for a period of more than six months from the date they became payable.

(b) The Company does not have any statutory dues as referred sub-clause (a) above which have not been deposited on account of disputes.

(viii) According to the information and explanations given to us, the Company does not have any transactions, which were not recorded in the books of accounts and which have been surrendered or disclosed as income during the current reporting period in the tax assessments under the Income-tax Act, 1961.

(ix) (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions or banks. The Company has not taken any loans or borrowings from the government.

(b) In our opinion and according to the information and explanations given to us, the Company has not been declared as a willful defaulter by any bank or financial institution or other lender during the reporting period.

(c) The Company has obtained term loans during the current reporting period which, in our opinion and according to the information and explanations given to us, have been utilized for their stated purpose(s).

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we believe that no funds raised on short-term basis have been used for long-term purposes by the Company. We have however not made a detailed examination of the same.

(e) The Company does not have any associate, subsidiary or joint venture and hence, clause (ix)(e) of the Order is not applicable.

(f) The Company does not have any associate, subsidiary or joint venture and hence, clause (ix)(f) of the Order is not applicable.

(x) (a) During the current reporting period, the Company has not raised funds by way of initial public offer or further public offer (including debt instruments) and hence reporting under clause (x)(a) of the Order is not applicable to the Company.

(b) During the current reporting period, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company has been noticed or reported during the current reporting period.

(b) To the best of our knowledge and according to the information and explanations given to us, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) To the best of our knowledge and according to the information and explanations given to us, the Company has not received any whistle-blower complaints during the current reporting period.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) (a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the reports of the Internal Auditors for the period under review during our audit of the Company.

(xv) In our opinion and according to the information and explanations given to us, during the current reporting period the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or associate company, if any or persons connected with them and hence provisions of Section 192 of the Companies Act, 2013 are not applicable.

(xvi) (a) The Company is not required to be registered under Section 45-I of the Reserve Bank of India Act, 1934.

(b) The Company has not conducted any Non-Banking Financial or Housing Finance activities during the current reporting period and hence, is not required to obtain a Certificate of Registration from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.

(c) The Company is not a Core Investment Company ("CIC") as defined in the regulations made by the Reserve Bank of India.

(d) The Company does not have any CICs as part of the Group and hence, clause (xvi)(d) of the Order is not applicable to the Company.

(xvii) In our opinion, the Company has not incurred any cash losses during the current reporting period and in the immediately preceding reporting period.

(xviii) There has not been any resignation of the statutory auditors during the current reporting period under review.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

(xx) (a) According to the information and explanations given to us, there are no unspent amount towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer a Fund specified in Schedule VII to the Companies Act, 2013 within a period of six months of the expiry of the financial year in compliance with the second proviso to sub-section (5) of section 135 of the Act.

Annexure B

Referred to in point f. of the section Report on Other Legal and Regulatory Requirements of the Independent Auditors' Report of even date to the members of Sheetal Cool Products Limited on the financial statements for the year ended March 31, 2024

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

In conjunction with our audit of the financial statements of the Company as of and for the year ended March 31, 2024, we have audited the internal financial controls over the financial reporting of **Sheetal Cool Products Limited** ("the Company") as of that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect of financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, except above, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

1. Background

Sheetal Cool Products Limited (the "Company") is engaged in the business of manufacturing of ice cream, milk and milk products, namkeen, bakery & sweet products. The Company is a public limited company and is listed on the main board platform of BSE & NSE.

2. Significant Accounting Policies followed by the Company

A. Basis of preparation

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

(ii) Historical cost convention

The Ind AS financial statements have been prepared on an accrual basis under historical cost convention basis, except for the following:

1) certain financial assets and liabilities that are measured at fair value;
2) assets held for sale - measured at lower of carrying amount or fair value less cost to sell;
3) defined benefit plans - plan assets measured at fair value;

(iii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

(iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

B. Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

C. Segment reporting:

Geographical segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

D. Foreign currency translation

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency. The Company determines its own functional currency (the currency of the primary economic environment in which the Company operates) and items included in the financial statements of the Company are measured using that functional currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Monetary assets and liabilities denominated in foreign currencies are retranslated into the Company's functional currency of the entity at the rates prevailing on the reporting date. Non monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at reporting date exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss.

E. Revenue recognition

Revenue is measured at the value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, discounts, loyalty discount; indirect taxes and amounts collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Sale of goods

Sales are recognised when substantial risk and rewards of ownership are transferred to customer. In case of domestic customer, generally sales take place when goods are dispatched or delivery is handed over to transporter, in case of export customers, generally sales take place when goods are shipped onboard based on bills of lading.

Other operating revenue

Interest on investments and deposits is booked on a time-proportion basis taking into account the amounts invested and the rate of interest.

Revenue in respect of other types of income is recognised when no significant uncertainty exists regarding realisation of such income.

F. Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related defferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity respectively

G. Impairment of non-financial assets

Property, plant and equipments (PPE) and Intangible assets (IA) that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

H. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

I. Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for impairment, if any.

J. Inventories

Inventories of raw materials, work-in-progress, stores and spares, finished goods and stock-in-trade are stated at cost or net realisable value, whichever is lower. Goods-in-transit are stated 'at cost'. Cost comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. A cost formula used is 'First-in-First-out'. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

K. Investments and other financial assets

(I) Classification

The Company classifies its financial assets in the following measurement categories:

(1) those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and

(2) those measured at amortised cost.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

(1) **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

(2) **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost are measured at fair value through Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The Company measures its equity investment other than in subsidiaries, joint ventures and associates at fair value through profit and loss. However where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of Profit and Loss.

(iii) Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Company is creating expected credit loss provision @ 5% on debtors having outstanding for more than 1-2 years from the date of transaction, @ 10% on debtors having outstanding for more than 2-3 years from the date of transaction, @ 20% on debtors having outstanding for more than 3 years from the date of transaction.

(iv) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method.

Dividends

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established.

L. Property, plant and equipment

Property, plant and equipment are measured at cost/deemed cost, less accumulated depreciation and impairment losses, if any. Cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated attributable costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repair and maintenance costs are recognised in Statement of Profit and Loss as incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant and equipments is provided on Straight-line basis, over the estimated useful lives of assets. The Company depreciates its Property, plant and equipment over the useful life in the manner prescribed in Schedule II to the Act, and management believe that useful life of assets are same as those prescribed in Schedule II to the Act.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

In case of pre-owned assets, the useful life is estimated on a case to case basis.
Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

M. Investment properties

Investment property is property (land or a building or part of a building or both) held either to earn rental income or for capital appreciation or for both, but neither for sale in the ordinary course of business nor used in production or supply of goods or services or for administrative purposes. Investment properties are stated at cost net of accumulated depreciation and accumulated impairment losses, if any.

Any gain or loss on disposal of investment property calculated as the difference between the net proceeds from disposal and the carrying amount of the Investment Property is recognised in Statement of Profit and Loss.

N. Intangible assets

Identifiable intangible assets are recognised when the Company controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. Intangible assets are stated at cost less accumulated amortization and impairments. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Computer software

Computer software is stated at cost, less accumulated amortisation and impairments, if any.

Amortisation method and useful life

The Company amortizes computer software using the straight-line method over the period of 3 years.

O. Borrowings

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income.

P. Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.. Other interest and borrowing costs are charged to Statement of Profit and Loss.

Q. Provisions and contingent liabilities

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a

reliable estimate can be made of the amount of the obligation.
The expenses relating to a provision is presented in the Statement of Profit and Loss net of reimbursements, if any. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are possible obligations whose existence will only be confirmed by future events not wholly within the control of the Company, or present obligations where it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are not recognized in the financial statements but are disclosed unless the possibility of an outflow of economic resources is considered remote.

Contingent liabilities and capital commitments disclosed are in respect of items which in each case are above the threshold limit.

R. Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the Government Securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:
(a) defined benefit plans such as gratuity; and
(b) defined contribution plans such as provident fund.

Gratuity obligations
The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined Contribution Plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in the future payments is available.

S. Earnings Per Share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:
- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:
- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(B) FAIR VALUE HEIRARCHY

Fair value is the amount for which an asset could be exchanged, or a liability settled between knowledgeable willing parties in an arm's length transaction. The Company has made certain judgements and estimates in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company as classified the financial instruments into three levels prescribed under the accounting standard. An explanation of each level is as follows:

Level 1: Level 1 of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: Level 2 heirarchy includes financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates.

Level 3: If one or more of the significant inputs is not based on the observable market data, the instrument is included in Level 3 heirarchy.

(C) VALUATION TECHNIQUES

Specific valuation techniques used to value financial instruments include
- the use of quoted market prices for mutual funds
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis or such other acceptable valuation methodology, wherever applicable

Note: 35 Capital Management

The Company policy is to have robust financial base so as to maintain outsider's confidence and to sustain future development of the business. Management monitors the return on capital, as well as level of dividends to equity shareholders.The company monitors capital using a ratio of "adjusted net debt" to "equity". For this purpose, adjusted net debt is defined as total liability, Comprising interest-bearing loans and borrowing, less cash and cash equivalents. Total Equity includes the share capital, other equity.

The capital gearing ratio is as follows: **(in Rs. Lacs)**

Particulars	March 31,2024	March 31,2023
Borrowings (Incl. Current Maturity)	8,356.86	8,577.66

Note: 36 Financial Risk Management

The Company's business activities are exposed to a variety of financial risks, viz liquidity risk, market risk and credit risk. The Management of the Company has the overall responsibility for establishing and governing the Company's risk policy framework. The risk management policies are formulated after the identification and analysis of the risks and suitable risk limits and controls are set which are monitored & reveiwed periodically. The changes in the market conditions and allied areas are accordingly reflected in the changes of the policy. The key risks and mitigating actions are placed before the Audit Committee of the Company who then evaluate and take the necessary corrective action. The sources of risk, which the Company is exposed to and how the Company manages these risks with their impact on the Financial Statements is given below:

Risk	Exposure from	Measurement	Management
Credit risk	Trade receivables, Cash and cash	Aging analysis, Credit ratings	Credit limits and bank gaurantees
Liquidity risk	Borrowings, Trade payables and other liabilities	Cash flow budgeted Vs actuals	Availibity of commited credit lines and borrowing facilities
Market risk - Foreign Currency	Foreign currency receivables and payables; Forecasted foreign currency transactions	Cash flow forecasting and Sensitivity analysis	Insignificant foreign currency exposure
Market risk - Interest rate	Long-term borrowings at variable interest rates	Sensitivity analysis	The management monitors the rates of interests and continues to evaluate refinancing of debts at lower rates of interest on a regular basis.

(A) Credit risk

Credit risk is the risk of financial loss to the Company if the counterparty fails to meet its contractual obligations. The Company is exposed to credit risk from its operating activities (primarily trade receivables). However, the credit risk on account of financing activities, i.e., balances with banks is very low, since the Company holds all the balances with approved bankers only.

Trade receivables

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the customers outstanding balances to which the Company grants credit terms in the normal course of business. Concentration of credit risk with respect to trade receivables are limited, as the Company's customer base is large, reputed and having good credit credential as well as that they are long standing customers. All trade receivables are reviewed and assessed for default on a quarterly basis. Historical experience of collecting receivables of the Company is supported by low level of past default and hence the credit risk is perceived to be low.

(B) Liquidity risk

Liquidity risk is the risk the Company faces in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, Management considers both normal and stressed conditions.

Maturities of financial liabilities

The below table analyses the Company's financial liabilities into relevant maturity groupings based on their contractual maturities. The amounts disclosed in the table are contractual undiscounted cash flows, balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Market risk

"The Company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

- Currency risk; and
- Interest rate risk

The above risks may affect the Company's income and expenses, or the value of its financial instruments."

(i) Foreign currency risk

The Company is subject to the risk that changes in foreign currency values impact the Company's exports revenue and imports of raw material. The risk exposure is with respect to various currencies viz. USD. The risk is measured through monitoring the net exposure to various foreign currencies and the same is minimized to the extent possible.

(a) Foreign currency risk exposure

The Company does not have foreign currency exposure at the end of the reporting period.

(b) Foreign currency sensitivity analysis

The sensitivity of profit and loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments. As the Company's exposure to foreign currency is insignificant, the overall exposure of foreign currency risk is not significant to the operations of the Company.

(ii) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets /borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will flucutate because of fluctuations in the
